

March 30, 2015

TO: Turfwerks Customers, Suppliers, All Golf and Turf Industry Colleagues

RE: Eagan Minnesota Location

On behalf of the management team of Davis Equipment Companies, I am pleased to announce that effective June 1, 2015, Zach Davis will assume the role of General Manager in Eagan, Minnesota.

In his new role, Zach will assume organizational responsibility for both Agriculture and Turf divisions in the company's Minnesota location. Zach will continue in his role as Sales Manager of the Turfwerks division. Recently, the company has restructured operations in its Minnesota location to gain operational efficiencies between its two major divisions. Zach and his wife, Sarah, will be relocating to Minnesota in the near future.

Zach joined Davis Equipment and Turfwerks full time in 2010 after graduating from Iowa State University. In his current role as Sales Manager at Turfwerks, Zach has been instrumental in building equipment sales at all Turfwerks locations and in developing the company's equipment finance strategy.

Davis Equipment celebrated its 50th Anniversary in 2014 and provides fertilizer application and spraying equipment, parts and service in three Midwestern states. Turfwerks is in its 11th year of operation, and provides equipment, parts, service, and golf course irrigation products in nine Midwestern states. Both companies are headquartered in Johnston, Iowa.

Thank you,

Todd Gray
President
Turfwerks
